COOPERS[®] HIBITANE[®]

DISINFECTANT

Hibitane is the registered trademark for chlorhexidine, a chemical which has been proven in the medical and veterinary fields in recent years as an antiseptic for control of bacterial diseases.

Non-irritant and pleasant to use, Hibitane Disinfectant also contains a wetting agent to assist in the cleansing of dirt and debris from wounds, instruments, etc.

DIRECTIONS FOR USE

Dosage and administration

Disinfection: Lamb marking, disinfecting knives and instruments, cuts, wounds, hands and arms, 100 mL/L water.

Sheep dips: 2 L/1000 L dip wash.

Shearing shed floors: 20 mL/L water.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

WITHHOLDING PERIODS: Zero (0) days.

TRADE ADVICE

EXPORT SLAUGHTER INTERVAL (ESI): An ESI has not been established for this product. Note-observing the meat withholding period may not be sufficient to mitigate potential risks to export trade. Trade advice should be sought from Coopers Animal Health on 1800 226 511 before using this product.

SAFETY DIRECTIONS

Will irritate the eyes. Avoid contact with eyes. If product in eyes, wash it out immediately with water. When opening the container, preparing product for use and using the prepared product wear goggles. Wash hands, goggles and contaminated clothing after use.

FIRST AID

If swallowed, do NOT induce vomiting. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor. If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126.

Additional information is listed in the safety data sheet.

For further information contact Coopers Customer Service on 1800 226 511.

Warranty

Intervet Australia Pty Ltd (IAPL), also known as MSD Animal Health, warrants that this product is of merchantable quality and fit for its intended purpose. IAPL's liability for any loss, including consequential losses or injury caused by any act or omission, including negligent acts or omissions, by IAPL or its agent, is limited to replacing or repairing the product at the option of IAPL. If possible, a sample of any product causing concern should be retained or delivered to IAPL within 30 days for a scientific examination.

DISPOSAL

The container can be recycled if it is clean, dry, free of visible residues and has the **drumMUSTER** logo visible. Triple or pressure rinse container for disposal.

Dispose of rinsate or any undiluted chemical according to state legislative requirements. Wash outside of the container and the cap. Store cleaned container in a sheltered place with cap removed. It will be acceptable for recycling at any **drumMUSTER** collection or similar container management program site. The cap should not be replaced but may be taken separately.

STORAGE

Store below 30°C (room temperature) in the closed, original container in a well-ventilated area. Do not store for prolonged periods in direct sunlight.
